

Introduction:

Hello, my name is Vicky Johnson.

I have lived in North Idaho for 41 years, and the last 12 years in the wonderful community of Laclede. I am running for the position of Board of Directors, District 7, of Northern Lights Electric Coop

**Professionally:**

I have over 35 years of professional business experience. I have owned and run successful sales teams for manufacturing companies, which had both a domestic and international presence.

Community involvement:

- November 2001- I organized a campaign to raise money for the Twin Tower Orphan Fund. To do so, I took 54 volunteers + the news crew from KREM 2 (Nicole Crites) into Ground Zero in New York City. We volunteered our time and money at Nino's Restaurant serving the 3000 shielded officers and the World Trade Center rescue workers who came through on a daily basis to eat.
- 2014 in Laclede, for financial improprieties, I led a successful effort to unseat the entire Laclede Water Board.

Philanthropy projects:

Served for 4 years as the Treasurer of the Idaho North Idaho Domestic Violence Sexual Assault Center (Women's Center) for the 5 Northern Counties of Idaho, currently called Safe Passage.

- Set up and established the resell shop for the Women's Center
- Handled all the fundraisers and wrote all the grants
- Partnered with Soroptimist International to sponsor a counseling program for children
- Helped raise over \$500K

Thank you for your consideration. It would be my honor to use my 35 years of business expertise to be of service to District 7, of Northern Lights Electric Coop. What I have to offer for this position of Board Director, District 7, is **new thinking, fresh eyes, and true Republican values.**
