

# Profiles of Northern Lights, Inc. Director Nominees

as written and provided by nominees

*Members may vote for one nominee from their district only.*

## District #7

## (2 Candidates)

### Jim Woodward (Incumbent)

Jim Woodward is your current Northern Lights board member working to:

1. KEEP RATES LOW – NLI has not raised rates for more than five years, even with the recent high inflation.
2. RETURN YOUR MONEY TO YOU – Jim promoted a new method of returning member Capital Credits that has increased your checks by more than 50% over the past six years.
3. REDUCE CO-OP DEBT – Jim has continually advocated for reducing co-op debt, which has been reduced by \$5 million since he has been on the board.

With eight years on the NLI board and as the NLI representative to the statewide electrical association, Jim has the experience and credibility to lead Northern Lights. The NLI Board is in contract negotiations with Bonneville Power Administration which will determine NLI’s access to the northwest hydroelectric system and the cost of our electricity for the next two decades. Jim is working in your best interest on these important negotiations and would like to provide the continuity to see them through.

Jim is a mechanical engineer, owner of a heavy construction business, and a U.S. Navy nuclear submarine veteran. He is a life-long Idahoan, married for 28 years, and has two children. Jim can be reached at 208-946-7963.

### Vicky Johnson

My name is Vicky Johnson. I am asking for your **vote** for the position of District 7 (NLI) board seat. I have lived in North Idaho for 41 years, & the last 12 years in the wonderful community of Laclede.

I have owned & ran successful sales teams for manufacturing companies, which had both domestic & international presence.

One of the volunteer projects I was involved with was the Idaho North Idaho Domestic Violence Sexual Assault Center for the 5 northern counties. I served for 4 years as the Treasurer helping raise over \$500K.

2014 in Laclede, for financial improprieties, I led a successful effort to unseat the Laclede Water Board. Which proves I am not afraid to work hard for **you** the members.

I would be honored to be of service to you in District 7. When you **vote** for me, you will be using my 35 years of business experience to bring new thinking & continue growth.

**SAMPLE**
